

NEW for 2023

All weeks this summer will be ending Friday afternoon for youth and families.

All registration is now online. Camper and family registrations are available on our website:
www.lwcamp.com

No cell phones for campers! Leave them home!!! With the ever-increasing cost of cell phones Living Waters does not want to be responsible for camper cell phones. If you want to contact your camper you can send them a letter (remember how long that could take to reach us) or email them at email4campers@lwcamp.com please put campers full name in subject line. If an issue arises that is deemed necessary for your camper to call you, arrangements will be made to make that happen.

Independence Week – July 2nd to the 7th will be a family camp event. Compete against other families in competitions and worship together with combined youth and adult services. Have a picnic lunch on the water front and enjoy fireworks over East Grand Lake on the 4th. Any campers signed up for Pioneer Camp this week, their cabin will be their family unit for all events.

Men's retreat is back!!! September 29th to the 30th we are looking forward to a multi-generational time where grandfathers can pour into sons and grandsons. Where we can teach the next generation of men how to be Godly, manly men. There will not be activities for young children, so if you feel your son or grandson is old enough to join in with the rest of the men they are invited to join.

Home Schooler Family Camp New for 2023! A 4-night retreat just for homeschool families. Come have time away as a family to rest, relax, and reconnect while enjoying all that Living Waters has to offer. There will be sessions that can be used to help complete some of your educational needs while having fun and experiencing new things. With family Bible hours for the whole family to be challenged to take the next step in their walk with Christ. Come with friends, make new ones, and network with other like-minded families.

There will be horse trail rides available this summer. We are not offering the Horsemanship classes this year, as we are still working on what the future of our equestrian program will look like.
